

### **[Trivia]**

Many countries' flag has an uneven width-to-length ratio.

Switzerland  
Aspect ratio 1:1

UK 1:2

China 2:3

Germany 3:5

—and so on.

I get it!  
I'll design an  
incredibly long flag!

In that case, during the  
flag-raising ceremony  
of the Olympics or  
other competitions...

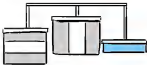

== Raise

My country's flag  
will be particularly  
eye-catching!

## 【Olympic Games】

... in third place. Blue's country!  
Now let us raise each country's  
flag, and play the national  
anthem of the champion.

Raise

**[NB]** In reality, the UN has stipulated that, for reason of equity, all nations must use a 2:3 aspect ratio flag for international events, no matter the country's standard flag size regulations.
